Rawson-Smith Wedding A Brilliant Social Event

The marriage of Miss Sarah Rawson and Mr. Marion Smith, solemnized last night at Trinity Methodist church, was one of the most brilliant events of the year. The ceremony, an occasion of elaborate circumstance, and a handsomely reception followed at the home of the bride's mother, Mrs. William C. Rawson, on Peachtree street.

A brilliant congregation filled the large church, the white lower end of which was converted by the decorators into a scene of lovely beauty.

At the Church.
From the ceiling hung huge tapers of smilax entwined over the organ and ending in bunches of palms at each side of the organ. A super of white chrysanthemums rose out of the foliage at one side. In the pulpit stood a great bank of palms, before which rose two tall pillars supporting a canopy of white chrysanthemums, and the pillars were showered with lilies and smilax. Behind them were large canopies of white chrysanthemums, and white petals showered with lilies and smilax. The ceremony was completed by other processions holding vases of white chrysanthemums, with small banks behind them.

In the center front was the white satin prie-dieu draped with smilax, and the front rows of pews were cut off with white ribbon held in place by clusters of white chrysanthemums. The ceremony was completed by other processions holding vases of white chrysanthemums, with small banks behind them.

The Bride's Party.

WOULD SIT DOWN; COULDN'T GET UP
And This Lady Would Do a Little Work and Have to Go to Bed for an Hour.

Columbia, Tenn.—Mrs. Jessie Sharp, of this town, says: "I was suffering from womanly troubles for five years, and it got me down so I could not do any of my work. Would have to lie in bed nearly all the time. When I would sit down, couldn't get up, without pulling at something to help me."

"I would do a little work, and have to go to bed for an hour."

"I would have those awful trembly spells, and a swimming in my head. I surely felt that I had rather be dead, than be in my condition."

"I finally wrote to the Ladies' Advisory Department of the Chattanooga Medicine Co. and they advised me to try Cardui, the woman's tonic, for my troubles. I did not and now I am sound and free of all my troubles. The second bottle helped me so much, that I didn't have to go to bed any more."

"I certainly feel that Cardui is worth its weight in gold to every suffering woman."

"If you, lady reader, suffer from any of the ailments so common to women, try Cardui."

"For more than 50 years, Cardui has been used with entire satisfaction, by hundreds of thousands of weak and ailing women. It will surely help you, too."

"X. K. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn. For special instructions, and 64-page book, 'Home Treatment for Women,' sent in plain wrapper on request."

Georgia-Tech Game Doubtful; Exchange of Wires Wednesday Leaves Matter Very Uncertain

The playing of the Georgia-Tech game Saturday is a doubtful quantity. In fact, last night it seemed more than probable that it would not be played.

S. V. Sanford, physical director of the University of Georgia, and W. N. Handie, director of athletics at Tech, are standing pat on their understanding of the contracts and agreements regarding the game.

Unless one side or the other recedes today from their present stand, it seems certain that the greatest football game of the year to Atlanta and the state of Georgia will not be played.

It is Tech's contention that there was an agreement to play at neutral ground, and that the game should be played under certain conditions. It is Georgia's contention that it should be played on a neutral field.

Both sides appear to be honest in their convictions that their contention is the right one and they seem willing to stand by their convictions rather than yield.

The report that Tech had issued an ultimatum to the University of Georgia does not seem to have been received by the Georgia side. It may be construed as such from the exchange of the telegrams that have passed between the two sides, but Professor Handie does not consider his wire as such and Professor Sanford has accepted them in no such vein.

The latest developments in the case are contained in the following letter exchanged Wednesday.

Mr. Sanford's day letter to Mr. Handie in reply to Mr. Handie's letter of the night before is as follows:

Sanford's Wire.

Professor William N. Handie, Director of Athletics, Georgia Tech, Atlanta, Ga. Your letter of the 11th received. There is no agreement in place with regard to the exchange of the game. It is the Georgia side's contention that the game should be played on a neutral ground at Ponce de Leon, and that the game should be played under certain conditions.

FLANAGAN SIGNED

BY BILLY SMITH

300 Hitter From Three-Eye League Is Secured—Good Fielder Also.

Manager Billy Smith wired from Columbus Wednesday that he had signed Outfielder Flanagan from the Decatur club of the F. I. L. league.

Flanagan played 181 games last season and secured 160 hits for a batting average of .352. His fielding average was .968.

If Flanagan lives up to his record with the Crackers, the locals, with Jones and Weidman in the other fields, will have the most formidable outer works in the entire league.

Handie's Reply.

W. N. Sanford, Physical Director, University of Georgia, Atlanta, Ga., wired that Professor Handie did not agree to play the game at Ponce de Leon, and that he would not accept the Georgia side's contention that the game should be played on a neutral ground at Ponce de Leon, and that the game should be played under certain conditions.

Tech Has Not and Will Not Protest Any Georgia Men; Action, If Any, From Outside

Tech has not and will not protest any Georgia men, all reports to the contrary notwithstanding.

Any protest is made against Georgia men, they will be protested by the athletic authorities of Tech having nothing to do with the game.

The athletic authorities of Tech state that they are not interested in the game, and that they are not protesting any Georgia men.

A story in an afternoon paper yesterday afternoon to the effect that Tech was protesting any Georgia men, was a surprise to Tech, and it is understood that it is not true.

William N. Handie, director of athletics at Tech, stated to The Constitution last night:

Birmingham Is Worrying--Atlanta's Big Attendance At Grid Games the Cause

Birmingham papers are carrying stories appealing to the Birmingham people to go to the Auburn game on Saturday and show Atlanta which is the best football team in the south.

The following comment in the columns of The Birmingham News, may be interesting.

For goodness sake, you people of Birmingham, let's go in and show Atlanta up. They treat us in attendance at the 1913 baseball season, the simplest reason that the Crackers won the pennant. Since then they have been flapping their wings and crowing so much that nobody could get any sleep. At the Virginia-Georgia football game, they were now started to crying and it is understood that a movement is on foot to try and get the Auburn-Vandy game played in Atlanta in future seasons. We do not put 10,000 people the probability is that they will get the game. If the people of Birmingham will go to the game, it is a great thing for the south.

Brother Vandy, you're in a wrong state. Atlanta's attendance at the Virginia-Georgia game is not a circumstance to what it is going to be at the Georgia Tech game Saturday. And your attendance at the Birmingham-Auburn game is going to look like an attendance at a practice baseball game compared with the crowd that will be at the game.

Atlanta is the best football town as well as baseball town and the receipts for attendance for the season or for each individual game will show it.

Grounds For Preas Action Asked For by Football Fan

Anent the Preas case, The Constitution is in receipt of the following letter from a football fan:

BOYS' HIGH TO PLAY
COLUMBUS SCHOOL

The Boys' High school football eleven, will journey down to the fair city of Columbus, Ga., Saturday, and take the bunch from the Columbus Industrial eleven.

Boys' High played Columbus last year for the first time, and as they were greatly outwitted, were defeated by them. The treatment that was accorded the Atlanta team was so good that the manager of this year's eleven tried to arrange a game earlier in the season, but as Columbus had all her dates filled except this one, High School took it.

High School has at last found her stride, and she is now playing the game of ball just as she is capable of. Coach H. Wood has had them out every afternoon of this week, teaching them new plays and drilling them on their interference.

Yellow Jackets Experimenting;
Will Have Strongest Line-Up

The Jackets are not letting the possibility of the game with Georgia worry them in their practice. They are going about their work as usual, and no talk about where the game will be played, or protest of players has been made.

Coaches Heston, Dwyers and Anderson are experimenting with the material left after disbandment, injuries and the faculty has gotten through and they will face Georgia with the strongest possible available line up.

A new shift resulted in scrimmage Wednesday afternoon. Rainsford, Patten and Fielder were in the line, and the latter is able to start against Georgia. Rainsford will be the quarterback.

In the line, several changes are contemplated and the changes worked out so well Wednesday that the coaches are going to try out the new line again today.

Tate went to Cushman's end and showed up so well that he is about to get the call for that place. Rainsford.

TECH HIGH SCHOOL
PROTESTS CLAIM

Deny Riverside's Right to Play
For the State Prep Title
With G. M. C. Eleven.

The Tech High school of Atlanta denies the right of the Riverside Military academy to claim that in playing the Georgia Military college eleven here Saturday morning that they are settling the prep school title of the state. Tech High defeated Riverside and it is their contention that if Riverside defeats G. M. C. that Tech High will have prior claim to the state title, pointing to her unbroken record of victories in all the other games as substantiation.

If G. M. C. wins the game Tech High claims that they will have an equal claim with them for the state title.

As for Riverside having stars out of the game when Tech High defeated them, Tech High makes the contention that Strapper, Reed and Townsend, three of the stars that Riverside makes mention of, started in the game and it was a forward pass from Strapper to Townsend that resulted in the Riverside touchdown.

BALLOTS FOR WOMEN
UP TO EPISCOPALIANS

New York, November 12.—Whether women should have a voice and a vote in church government or continue to be governed in matters spiritual by men was a question that came before the convention of the Protestant Episcopal church of the diocese of New York today. Advocates of woman suffrage in the church succeeded in introducing a resolution to give women equal rights with men in determining church policy. This is to be acted upon before adjournment several days hence.

An amendment to the state law would have to be passed before women could be given the proposed franchise, in the opinion of those favoring the resolution.

After one ballot on a substitute motion to give the women of the Protestant Episcopal church in this diocese the franchise in parochial affairs, which indicated the convention's opposition, the question went over until tomorrow.

VICTORY FOR COLUMBIA
IN FREIGHT RATE FIGHT

Washington, November 12.—Existing freight rates, both class and commodity from eastern and western points of origin, were held by the interstate commerce commission today to be in conformity with the rates of the same points to Augusta, Ga. Investigation disclosed that the two cities were "similarly located so far as transportation is concerned, inland from Savannah, Ga., and Charleston, S. C., and also with respect to competition with each other, and with the ports named."

The commission held that there was no sufficient reason to justify the great disparities in rates in favor of Augusta, from such points as Louisville, Louisville and Knoxville, and directed that the rates to both Columbia and Augusta should be so adjusted as to maintain an absolute parity.

Railroads in the southeastern territory were ordered, therefore, to file tariffs by February 1, in conformity with the conclusions the commission reached in the case instituted by the Columbia Chamber of Commerce.

CATTLE AND PORKERS
FOR CANE AND COTTON

Washington, November 12.—Appropriation of \$50,000 for federal live stock experiments in Louisiana was asked of congress by Secretary Houston to help the Louisiana sugar planters, who fear their industry will be ruined by removal of the tariff on sugar.

Secretary Houston also has written to Dr. C. R. Dodson, in charge of the Louisiana experiment station, and to Senator Russell, and Representative Brewster, who are especially interested in the sugar situation, telling them that the state must cooperate if the experiments are to be successful.

The secretary believes cattle and hog raising can be conducted profitably to the place, either in whole or part, of sugar growing and that also in the cotton section of Louisiana. Cattle might be raised so that the planters would not be dependent on one crop, which this year has been badly injured by the boll weevil and unfavorable weather.

Secretary Houston asks that the state set apart 500 acres on which to conduct the live stock experiment. He will ask that part of the federal appropriation of \$50,000 be made immediately available.

Although not yet ready to recommend a radical change from sugar to live stock immediately, the secretary strongly inclines to the belief that experiments will prove that such a change will be the salvation of the Louisiana planter. He bases his opinion, he says, largely on a report made to him by W. A. Taylor, chief of the bureau of plant industry, and Dr. B. H. Havel, of animal industry, whom he sent to Louisiana to study the situation.

SALOON RESTRICTIONS
ARE DECLARED VALID

Tampa, Fla., November 12.—Deciding a test case from Key West today, the Florida supreme court ruled that the law enacted at the last session of the legislature prohibiting the use of doors or screens that would prevent a clear view of saloons from a street, or use of side entrances or sale of liquor to women, constituted in several of the cities saloon keepers had refused to obey the law, and brought test cases.

**Supreme Court Unmoved by

Jurymen Following Deci-

TO SEVEN SLAYERS

Supreme Court Unmoved by
Plea of Alleged Bias of

Seven more decisions in homicide cases, every one of them adverse to the defense, the defense attorneys are seeking a new chance for their lives were handed down by the supreme court yesterday.

They were the cases of George Smith from Louisa county; Jim Baxby from Coweta county; Robert McCrary, from Terrell county; William Duncan, from Houston county; Dan Brown, from Glynn county; J. B. Hall, from Tift county; and Rogers Bell, from Decatur county.

In the cases of Duncan and Hall, the court reaffirmed in strong language the principle that the already been established fact of the effect of the defense is not grant a new trial for alleged bias.

of the jury which has been passed upon by the trial judge in a motion for a new trial. In the Hall case the defense maintained that one of the jurors sat up with the corpse of the murdered man for nearly two days and that he could be drawn on the jury so that he might have a chance to hang the defendant, and had used other language equally strong which was prejudicial to the defendant at bar.

Another principle reaffirmed by the court was that "motions for a new trial based upon newly discovered evidence" are addressed to the trial judge, not to the trial jury, and this court will not reverse his judgment in refusing to grant such a motion unless it is clearly abused.
